

harm reduction supply distribution

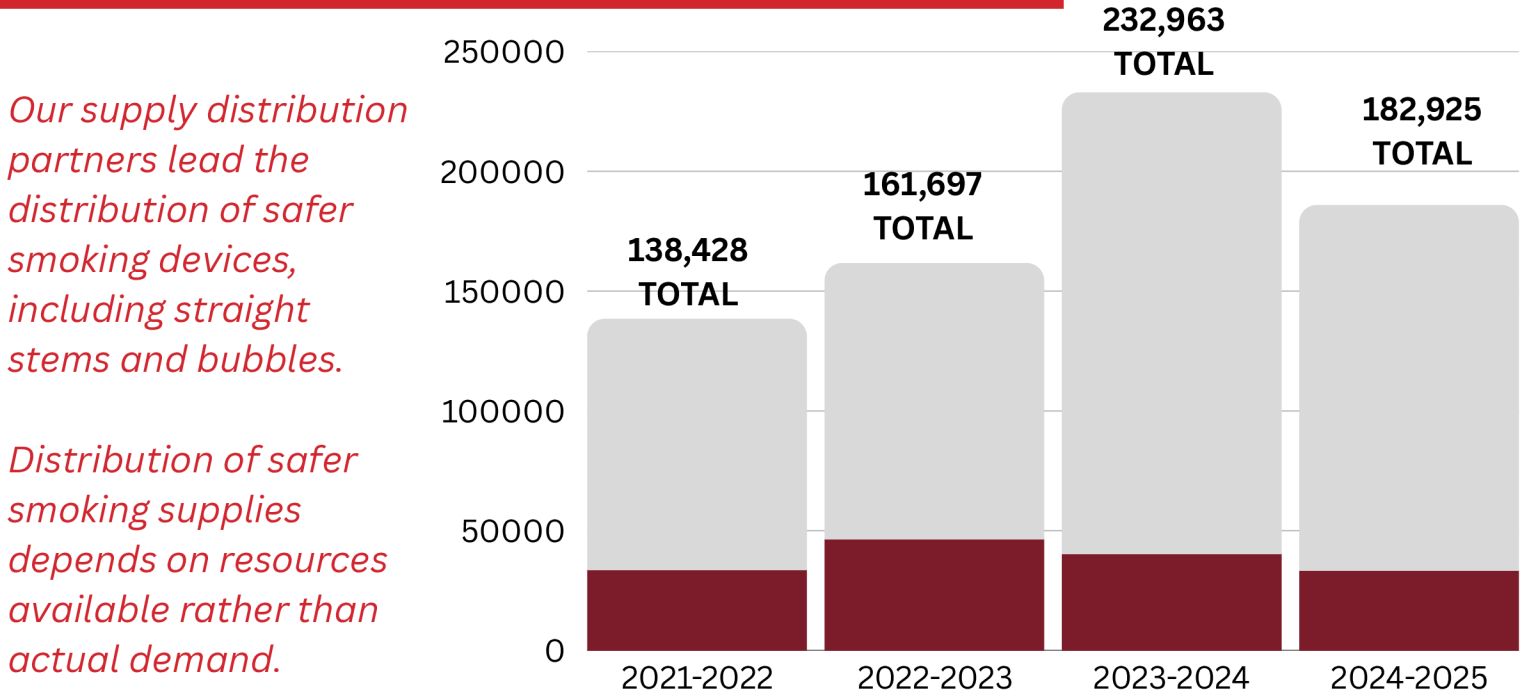

In 2024-2025, Healthy Sexuality and Harm Reduction distributed over 2.2 million needles. Since the introduction in 2022 of bubble/bowl pipes, safer smoking supply distribution has continued to increase.

Note: These numbers only reflect HSHR distribution. Several agencies and institutions in Winnipeg procure their own harm reduction supplies.

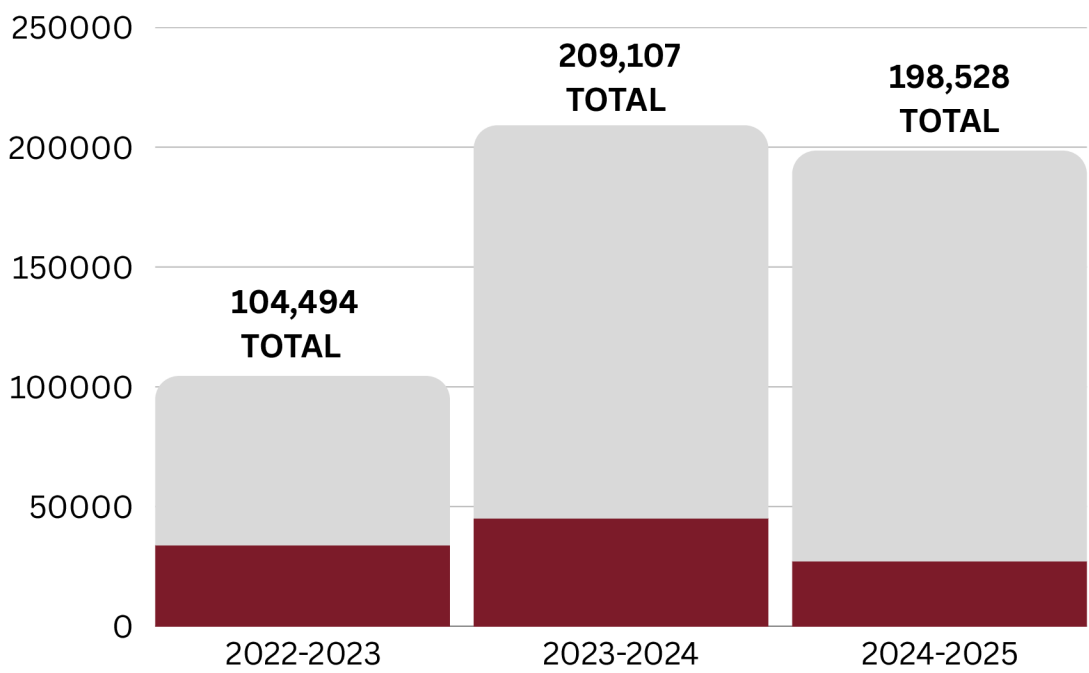

Needle Distribution

Safer Crack Use/Straight Stems Distribution

Bubble Pipes Distribution

In 2024-2025, harm reduction supply distribution was supported by 53 harm reduction supply distribution partners in Winnipeg, with 4 of these partners ordering almost half of all Street Connections partner supplies.
